Celebrate the Young Child.....

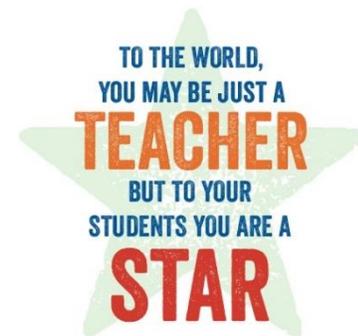

APRIL 24th – 28th

During the month of April we celebrate the young child. The Week of the Young Child was established in 1971 by NAEYC to focus public attention on the rights and needs of young children. Early Childhood - the marvelous years from birth through age eight - is truly where our future begins. For young children, each moment is an opportunity to learn more about the world, practice social skills and gain critical thinking skills and knowledge. A good early childhood program prepares children to take full advantage of their educational opportunities and to become effective citizens, capable workers and loving parents of the next generation. Here at Wesley, we celebrate the children everyday!!! Thank you for sharing them with us.

May 1st – 5th

Please write a note to your child's teacher next month to thank them for their commitment to teaching. I'd like to take this opportunity to thank my teaching staff for their hard work and dedication. Each of Wesley's staff is unique and special, just like the children. It takes a very special kind of person to be a preschool teacher. Wesley has the best and brightest stars on the block. Here's a little poem that describes my teaching staffs' jobs.

NO SCHOOL – THUR, APRIL 6th
Parent Teacher Conferences

NO SCHOOL – FRI. APRIL 7th
TEACHER IN-SERVICE

NO SCHOOL
APRIL 10th – 14th

THE STAR POLISHER

By: Leah Becks

I have a great job in the universe of occupations. What do I do?
I'm a "Star Polisher". It's a very important job.
If you want to know how important, just go out at night
and look at the stars twinkling and sparkling.

You see, I'm a teacher. The stars are the children in my class.
My job is to take them in - in whatever shape they come -
and shine and buff them and then send them out
to take their places as bright little twinkling beacons in the sky.

They come into my room in all shapes and sizes.
Sometimes they're bent, tarnished, dirty, crinkly, and broken.
Some stars are cuddly, soft and sweet.
Some stars are prickly and thorny.

As I buff, polish, train and teach my little stars,
I tell them that the world cannot do without them.
I tell them they can do anything they set their minds to do.
I tell them they can be the brightest, shiniest stars in the sky
and the world will be a better place because of them.

Each night as I look at the sky,
I'm reminded of my very important job
and awesome responsibility.
I go and get my soft buffing cloth and my bottle of polish
in preparation for tomorrow and for my class of little stars.

Before you know it, Summer will be here!! Consider sending your child to Wesley's camp for a week. It is fun and educational too. Registration is going on now.....Additional information is available in the school office.

BUNNY BREAKFAST

Many, many thanks to all of the families who supported Wesley at the Bunny Breakfast on Saturday morning, March 25th. A great time was had by all. Thanks to all the local and area businesses for their generosity and support, especially AJ's Catering and Dunkin Donuts. Thanks to the Girl Scouts for the excellent face painting. Thank you to the staff who worked very hard to keep things moving throughout the morning. A special thank you to the Easter Bunny and Mrs. Tani.

Thank you also to My Mom, Jessie Ceccarelli and Zachary Fuchs for all their help and assistance in the kitchen. The day was a huge success and a heartfelt thank you to all who helped make the day possible. Great job!

REMINDER TO ALL PARENTS

A gentle reminder to all parents to please make sure you get your child to class on time. The next few months are not only exciting, but very busy ones, and in order to fit everything into our schedule, we must begin our classes at the scheduled time. Children can become upset when they come to class late and find that their "friends" are already engaged in play with another classmate. It is also disruptive to teaching staff and fellow students when children enter the classroom after the beginning of class. I know you have very busy schedules and mornings can be very stressful and difficult; but I urge you to make every effort to be on time for drop off and pick up times. Thank you for cooperating in this matter.

I would also like to remind parents that children are not allowed to run or play on the ramp in the front of the school. It is a safety rule that we insist be adhered to. Climbing on the railing or running on the ramp can be dangerous and lead to an accident or injury.

ILLNESS OF A CHILD

It is important that we maintain a healthy environment. For the benefit of everyone in our Center, please keep your children home if they do not feel well (diarrhea, fever, vomiting, congestion, uncontrolled runny nose, or coughing). **PLEASE NOTIFY THE CENTER IF YOUR CHILD WILL BE ABSENT.** If your child is out for more than five (5) school days, a note from your physician is required for your child to return.

ILLNESS GUIDELINES

1. Any child who is ill needs to be kept home.
2. A child who is too ill for outside play needs to remain at home until strong enough to enjoy the program.
3. Your child may return to school when
 - a. temperature is normal for 24 hours.
 - b. diarrhea or vomiting has stopped for 24 hours.
 - c. cleared to return to school with a physician's note.
 - d. your child has taken an antibiotic, ordered by the physician, for 24 hours.

Anyone of the following symptoms will require that a child be removed from the Center as recommended by the Connecticut Department of Health:

Vomiting	Chicken Pox	Diarrhea
Conjunctivitis	Mumps	
Impetigo	Fever	Measles
Unidentified Rash	Strep Throat	

Wesley Family Picnic

Wednesday, May 17th

ALL GROUPS & FAMILIES

11:30 - 1:30

LAST DAY OF CLASSES

Fours - Tues, June 6th

Two's, Three's, &

Fives - Wed, June 7th

Congratulations!

Moving Up Ceremony

Fours Program

Wednesday, June 7th

Students in

Classroom @ 9:00

Program begins sharply at 9:30 am

5-Day Program

Thursday, June 8th

Students in Classroom @ 9:00

Program begins sharply at 9:30 am

TEN THINGS TO DO BEFORE YOUR CHILD TURNS FIVE...

UNLIKE OTHER TO-DO LISTS, THIS ONE WILL BE FUN TO GET THROUGH.

- 1) **GROW A FLOWER:** *Guess the color it will turn out to be. Measure its progress:*
- 2) **WATCH FIREWORKS:** *Fire? In the sky? That makes beautiful shapes in pretty colors? Before you're old enough to understand the science of the thing, a fireworks display can seem like a miracle.*
- 3) **ROLL DOWN A GRASSY HILL:** *This is such a simple, silly thing, but we all remember doing it. And that's the whole point.*
- 4) **CATCH A FIREFLY, THEN LET IT GO:** *This one has an extra, "now or never" imperative. Reports show that fireflies are declining in numbers just about everywhere. So catch some while you can.*
- 5) **SEE A LIVE SHOW:** *There's nothing like a stage show, with humans performing right there in front of you. Pricey tickets not needed.*
- 6) **GO CAMPING:** *It sets children up for a lifelong love of nature.*
- 7) **STARGAZE:** *Talk about how it takes thousands of years for the light of the stars to reach us. Your kids probably won't grasp it all, but that's okay. What they'll remember is that they got to stay up way past their bedtime and go outside in their PJ's.*
- 8) **DO A CHARACTER MEET-AND-GREET:** *They will never be as excited about people wearing silly costumes as they are right now. And the resulting photos? Priceless.*
- 9) **BAKE FROM SCRATCH:** *Sugar cookies, carrot cake, brownies...it all works. The process is what matters. Let them see that not all food comes easy to us, and a lot of times it tastes better if it doesn't.*
- 10) **VISIT AN AMUSEMENT PARK:** *Walking around all day, eating fried concoctions, laughing your head off on automated rides, and then being carried, half-asleep, out of the park in your parent's arms should be a hallmark of every childhood..*
